

Reduce Your Manual Labour Costs and Increase The Efficiency & Production Of Your Plant With The Genius 5.0 Weighbridge System

Reduce labour costs with the Genius 5.0 Weighbridge System, connect directly to the weighbridge and eliminate the need for multiple systems and double data entry which cause costly mistakes.

Traceability of all incoming materials and outgoing products as well as connecting to plant automation systems for a full material inventory.

What Makes An Automated Genius 5.0 Weighbridge System More Powerful and Competitive...

Developed by Gordyn & Palmer software engineers **this** State-of-the-art computerised automated system is both cost and production effective and can be used for:

- Weighbridge
- Incoming materials
- Outgoing products
- Truck product scheduling
- Production ordering
- 24/7 support
- Invoicing
- Contract management
- Quality Control
- Customised reporting
- Online accessibility including cloud reporting
- Seamless Interface to ERP or other software packages

"Gordyn & Palmer are our trusted automation partners. The team deliver pragmatic, best practice end-to-end solutions that are both elegant and functional in design and operation."

Peter Cobb
General Manager
Laucke Flour

"The feedmill control system upgrade, managed by Gordyn & Palmer, was delivered on time and on budget with only minor loss of production. We are delighted with the performance and reliability of the system. The software is efficient and easy to use. Service and response times are excellent."

Garth Oakroot
Riverina Feedmill Manager
Baiada Feedmill Hanwood
